

EDUCATIONAL STADIUM TOUR EXPERIENCES

A Premier League Learning Experience.
The Etihad Stadium Awaits.

WHY CHOOSE A MANCHESTER CITY STADIUM TOUR?

Set within the regenerated area for the Manchester Commonwealth Games, the Etihad Stadium is a hive of activity, jobs and inspiration. Our skilled tour guides don't just talk about football — their knowledge transcends sport, history and the impact on Manchester itself, creating a fun and interactive experience that every pupil will enjoy regardless of their interest in football.

- Every tour has a tour guide, trained for school trips.
- Dedicated and private areas exclusively for schools.
- Exclusive content and activities created only for schools.
- Welcome centre with toilets.
- All content created is linked to the English National Curriculum and exam board specifications.
- Covered area for lunch.
- Free pre-planning tickets.
- Free coach parking.
- Risk assessments.

WHAT DOES THE PROGRAMME INCLUDE?

Pre-visit, one-hour lesson plan, presentation and printable resources.

Manchester City Stadium Tour including additional and exclusive content and activities created only for schools.

Post-visit, one-hour lesson plan, presentation and printable resources.

MATCH REPORT:

ENGLISH: KS2, KS3 AND KS4

Tour the stadium through the eyes of the press in the company of our professionally trained tour guides. We recreate the excitement of a thrilling match so your pupils can take the role of a journalist in our media centre — right where the professionals do it on match day.

Aligned to the English National Curriculum, pupils watch a men's match in the Press Lounge, before heading to the Press Conference Room where they will prepare to interview the match winner. Using a range of techniques from the professionals at Manchester City, students will undertake an additional workshop where they compose, rehearse and perform an interview scenario in front of the sponsorship boards as if they were there on match day.

Teachers can record the interviews on school tablets to take back to school to refine and edit to complete a professional looking keepsake, including exclusively filmed content giving tips and advice.

DAY IN THE LIFE OF A FOOTBALLER:

SCIENCE: KS2 AND KS3
PE: KS3

During the Stadium Tour we'll follow a player from the moment they wake up on match day through to going home. Our trained tour guides will give the inside knowledge on preparation, fitness, diet, performance analysis, training/warm-up, wellness and what they are mentally going through before the whistle goes.

Professional sports men and women need the right types and amount of nutrition for the energy they expend, ensuring that digestion happens at the right time so they perform at their peak. The children will explore and see the food and hydration required throughout the big day, along with some surprises along the way.

We've collated knowledge and insights from the first team coaches, nutritionists and dieticians to create exclusive content just for schools to give your pupils a Premier League learning experience.

STADIUM AS A BUSINESS:

MATHS: KS3 AND KS4

BUSINESS STUDIES: KS3 AND KS4

Join us at the world-famous Etihad Stadium to explore the business on a matchday when 55,000 fans descend to watch City in action.

On the tour the students will investigate the wide-range of jobs and roles at the stadium, looking at different areas of the business — from programme sellers to food concessions, ticket sales to hospitality.

After their tour, students will be challenged to identify ways to increase profitability in their chosen areas - will they reduce costs, increase prices, or think of something outside the box!

URBAN REGENERATION:

GEOGRAPHY: KS3, KS4, KS5 AND UNIVERSITY

Join us at the world-famous Etihad Stadium to explore the Urban Regeneration of the Etihad Campus and East Manchester.

A 45 minute presentation that focuses on the principles of regeneration using the Etihad Campus as a case study. The presentation will tell the story of East Manchester and look at the site in detail throughout the decades, highlighting the different phases of regeneration to how the site has got to where it is today.

The Eastlands site is a perfect example of how an area has been transformed over the years and how it has had to adapt and regenerate to meet the changing needs of a modern society. Manchester City have played a major role in the regeneration of the area and this educational experience will give the students an insight into the past, present and future of the site.

The experience includes a tour of the site followed by a 45 minute presentation and is ideal for key stage 3 and 4, A-Level as well as university and college students studying Geography.
